

# The Toy Robotic Team

1. Tall, small, mechanical machines,  
Meet the toy robotic team.

Flying into space on a mission to Mars.  
Mapping the ocean floor,  
Taking photos for us to see.  
Places only they can explore, oh yeah!  
Places only they can explore.

Lights go bleep, bleep, bleep.  
Heads go buzz, buzz, buzz.  
Always busy on the move.  
Robot has some jobs to do!

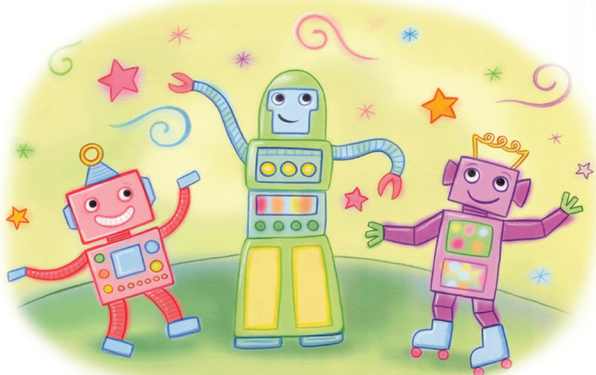

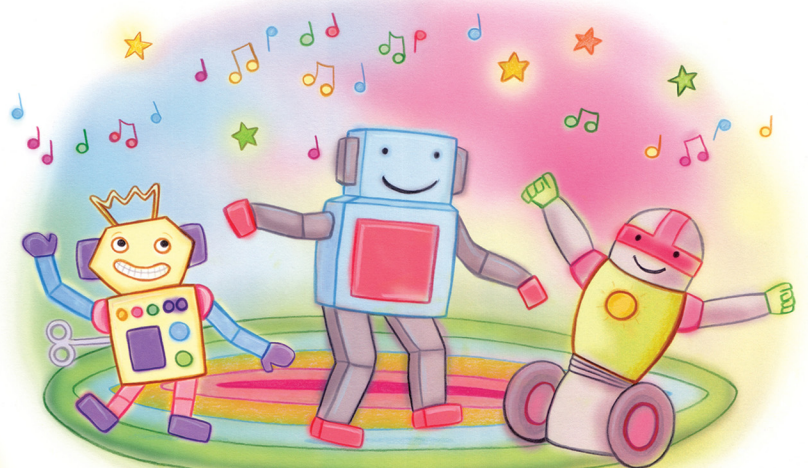

2. Tall, small, mechanical machines,  
Meet the toy robotic team.

Always at your service and at your call.  
Robots don't complain.  
Controlling all of their actions with...  
A clever computer brain, oh yeah!  
A clever computer brain.

Arms go click, click, click.  
Eyes go flash, flash, flash.  
Always busy on the move.  
Robot has some jobs to do!

Tall, small, mechanical machines,  
Meet the toy robotic team.  
Tall, small, mechanical machines,  
Meet the toy robotic team!
