

It's Magic, Just Magic!

1. *It's Magic, just magic, my super duper show!
But how I do those clever tricks?
Well that you'll never know.*

Tap a wand and just like that,
Out pops a **rabbit** from my hat.
But in a flash, what do you know?
It's gone again, where did it go?
Astonishing, can you believe!
Is it hiding up my sleeve?
He, he, he, ha, ha, ha,
Incredible those **rabbits** are!

2. *It's Magic, just magic, my super duper show!
But how I do those clever tricks?
Well that you'll never know.*

Tap a wand and just like that,
Out pops a **flower** from my hat.
But in a flash, what do you know?
It's gone again, where did it go?
Astonishing, can you believe!
Is it hiding up my sleeve?
He, he, he, ha, ha, ha,
Incredible those **flowers** are!

3. *It's Magic, just magic, my super duper show!
But how I do those clever tricks?
Well that you'll never know.*

Tap a wand and just like that,
Out pops a **budgie** from my hat.
But in a flash, what do you know?
It's gone again, where did it go?
Astonishing, can you believe!
Is it hiding up my sleeve?
He, he, he, ha, ha, ha,
Incredible those **budgies** are!
