

My Dinosaur Collection

Chorus

Have you seen my dinosaur collection,
Prehistoric animals for you to meet?
Made of coloured plastic,
Don't they look fantastic?
Just like the real ones from long ago.

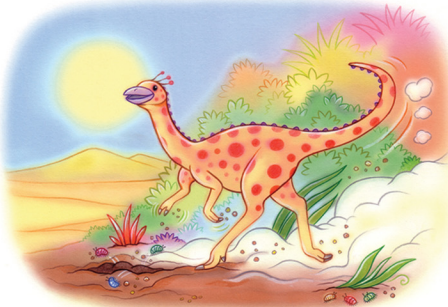

1. Stomp, stomp, stomp! From behind the trees,
A **Tyrannosaurus Rex** with enormous knees.
Stomp, stomp, stomp! Stomps with all his might,
He'll swallow you whole with just one bite.

Chorus

2. Gnash, gnash, gnash! Goes a tiny head,
A Diplodocus with a long thin neck.
Gnash, gnash, gnash! Eating leaves all day,
Just happy to munch the plants away.

Chorus

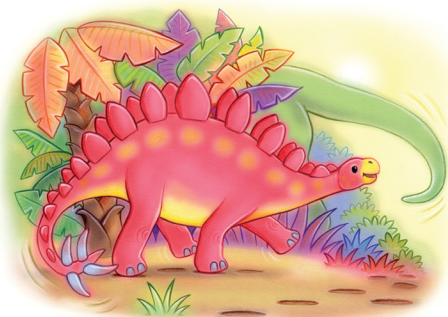

3. Run, run, run! Can you hear the beat?
A **Gallimimus** with two sprinting feet.
Run, run, run! Digging all around,
Long fingers can dig grubs from the ground.

Chorus

4. Thud, thud, thud! Someone's very fierce,
A **Triceratops** with horns to pierce.
Thud, thud, thud! Fighting off his foes,
Peers round with his eyes then off he goes.

Chorus

5. Roar, roar, roar! Now who's on his way?
A **Stegosaurus** with bony plates on display.
Roar, roar, roar! See his tail of spikes,
Scaring off enemies is what he likes.
